NANUK DYNAMIC ROBUST HEATHER Q.M.C
100% Polyester

The woods are shrouded in morning mist, and there's a definite chill in the air. But that's not going to stop you getting out for a walk. Your stretch fleece will keep you warm. This fleece jacket has a soft reverse side for next-to-skin comfort. The jacket is breathable, fast drying and stretches as you move. On strenuous trails, you'll appreciate the breathability of the fabric. It's also very robust, designed to withstand the rigours of outdoor use and the abrasion caused by the straps of your pack.
